Beginning with July 1, 1999, the maximum amount of credit that may be satisfied by individual correspondence or self-study programs shall be 48 hours, or 60 percent of the total required continuing education hours for the renewal period if the total required continuing education hours are less than 80 hours. The remainder of the yearly requirement shall be satisfied by attendance at continuing professional education programs meeting the requirements of subsection (a) above. Article 5.—CODE OF PROFESSIONAL CONDUCT

74-5-202. Auditing standards. A certified public accountant or a licensed municipal public accountant shall not permit the accountant's name to be associated with financial statements in such a way as to imply that the accountant is acting as an independent certified public accountant or licensed municipal public accountant with respect to the financial statements unless the accountant has complied with applicable, generally accepted auditing standards as interpreted by statements on auditing standards issued by the American institute of certified public accountants in the "AICPA professional standards," Volumes 1 and 2, as in effect on June 1, 1998, and the 1998 revised Kansas municipal audit guide prescribed by the municipal accounting section of the division of accounts and reports, department of administration. Any accountant who does not conform to those standards shall provide justification for this departure. (Authorized by and implementing K.S.A. 1997 Supp. 1-202(c)(1) and K.S.A. 75-1119(a); effective Jan. 1, 1966; amended Jan. 1, 1972; amended Jan. 1, 1974; amended May 1, 1978; amended, E-82-27, Dec. 22, 1981; amended May 1, 1982; amended May 1, 1985; amended May 1, 1986; amended May 1, 1987; amended May 1, 1988; amended May 22, 1989; amended Jan. 7, 1991; amended July 13, 1992; amended Aug. 23, 1993; amended Sept. 26, 1994; amended Jan. 12, 1996; amended Sept. 25, 1998.)

74-5-203. Accounting principles. (a) Except as provided in subsection (b), a certified public accountant or a licensed municipal public accountant shall not express an opinion that financial statements are presented in conformity with generally accepted accounting principles if the financial statements depart from those accounting principles in any way that materially affects the financial statements as a whole.

(b) Any certified public accountant or licensed municipal public accountant may express an opinion described in (a) if the accountant demonstrates that, due to unusual circumstances, the financial statement would otherwise be misleading. In such a case, the accountant's report shall describe the following:

- (1) The departure;
- (2) the approximate effects, if practicable; and
- (3) the reasons why compliance with the principle would result in a misleading statement.

(c) For purposes of this regulation, "generally accepted accounting principles" shall be considered to be pronouncements issued by the financial accounting standards board in its general and industry standards publications as in effect June 1, 1998. (Authorized by and implementing K.S.A. 1997 Supp. 1-202(c)(1) and K.S.A. 75-1119(a); effective Jan. 1, 1966; amended Jan. 1, 1974; amended May 1, 1978; amended, E-82-27, Dec. 22, 1981; amended May 1, 1982; amended May 1, 1985; amended May 1, 1986; amended May 1, 1987; amended May 1, 1988; amended May 22, 1989; amended Jan. 7, 1991; amended July 13, 1992; amended Aug. 23, 1993; amended Sept. 26, 1994; amended Jan. 12, 1996; amended Sept. 25, 1998.)

74-5-301. Confidential client information. (a) A certified public accountant shall not, without the consent of the certified public accountant's client, disclose any confidential information pertaining to the client obtained in the course of performing professional services.

- (1) Relieving a certified public accountant of any obligation under K.A.R. 74-5-202 and K.A.R. 74-5-203;
- (2) affecting in any way the certified public accountant's obligation to comply with a validly issued subpoena or summons enforceable by order of a court;
- (3) prohibiting disclosure in the course of a peer review of a certified public accountant's professional services; or
- (4) precluding a certified public accountant from responding to any inquiry made by the board of accountancy or by any investigative or disciplinary body established by law or formally recognized by the board.

(c) Members of the board of accountancy and professional practice reviewers shall not disclose any confidential information that comes to their attention from certified public accountants in the course of disciplinary proceedings or in carrying out their official responsibilities, except that they may furnish confidential information to any investigative or disciplinary body referenced in subsection (b). (Authorized by K.S.A. 1997 Supp. 1-202; effective Jan. 1, 1966; amended Jan. 1, 1974; amended May 1, 1978; amended Sept. 25, 1998.)

(b) A firm name shall not be considered to be misleading solely because it contains words describing the geographical area in which the services are offered or words describing the type of services actually being performed by the certified public accountants who are owners, partners, officers, or shareholders of the firm.

(c) A firm name or designation shall be considered to be misleading in any of the following instances:

- (1) The name contains a misrepresentation of facts;

(d) A partner or shareholder surviving the death or withdrawal of all other partners or shareholders may continue to practice under a partnership, professional corporation or association, limited liability company, or general corporation name for up to one year after becoming a sole practitioner. The report acceptance committee shall consist of at least three members currently active in public practice at a supervisory level in the accounting and auditing function of a firm that has already had a peer review in compliance with either this regulation or requirements substantially similar to those of this regulation. A majority of the committee members shall possess the qualifications required by subsection (a) of K.A.R. 74-11-10 for a team captain.

(k) "Team captain" means the member of the peer review team who is responsible for organizing and conducting the peer review.

engagements during the 12 months preceeding this application. Before commencement of any financial reporting or attestation engagement, the firm shall have in place a system of internal quality control and shall notify the board, at which time the firm shall have come into compliance within 18 months. Failure to notify the board before commencement of any financial reporting or attestation engagement from a firm that has received a waiver shall be grounds on which the board may take disciplinary action.

(ii) The firm meets one of the other allowances for waiver set out in K.S.A. 1-501 and amendments thereto.

(2) At the board's discretion, a copy of the peer review report from a review conducted pursuant to article 11 may be requested. (Authorized by and implementing K.S.A. 1997 Supp. 1-501; effective Feb. 14, 1994; amended Sept. 25, 1998.)

74-11-8. General peer review provisions. Each peer review conducted pursuant to this regulation shall be conducted in accordance with the following terms. (a) Each reviewer shall perform the peer review in accordance with the professional standards.

(c) A reviewer shall not have a conflict of interest with respect to the firm being reviewed or the clients of the firm whose engagements are selected for review. Review team members shall not have contact with or access to any client of the reviewed firm in connection with the review.

(d) The review shall be directed to the professional aspects of the firm's accounting and auditing practice and shall not include the business aspects of that practice. (Authorized by and implementing K.S.A. 1997 Supp. 1-501; effective Feb. 14, 1994; amended Sept. 25, 1998.)

74-11-9. Team member. (a) Each individual serving as a team member, whether for an on-site or an off-site peer review, shall meet the following qualifications:

(continued)

shall have completed a training course that meets requirements established by the board.

(d) Each team member shall be associated with a firm that has received on its most recent peer review either of the following:

(1) An unqualified, unmodified report on its system of quality control; or

(2) a report from an off-site review that is not qualified, modified, or adverse for significant departures from professional standards. (Authorized by and implementing K.S.A. 1997 Supp. 1-501; effective Feb. 14, 1994; amended Sept. 25, 1998.)

74-11-10. Team captain. Each team captain shall be responsible for organizing and conducting the peer review.

(a) Each team captain shall meet the following qualifications:

(1) Be a proprietor, partner, or shareholder of a registered firm;

(2) have completed a training course that meets requirements established by the AICPA under the peer review standards contained in the professional standards;

(3) be associated with a firm that has received on its most recent peer review either of the following:

(A) An unqualified, unmodified report on its system of quality control; or

(B) A report from an off-site review that is not qualified, modified, or adverse for significant departures from professional standards; and

(4) meet relevant industry experience requirements for significant areas in which the reviewed firm practices, as established by the AICPA in the professional standards.

(b) Each team captain shall be provided with copies of documents relating to the firm's last peer review, if one was completed, including reports, letters of comment, and responses thereto.

(c) For specific portions of a peer review process, the team captain may use specialists not meeting all of the requirements of team members as set out in K.A.R. 74-11-8. (Authorized by and implementing K.S.A. 1997 Supp. 1-501; effective Feb. 14, 1994; amended Sept. 25, 1998.)

74-11-11. On-site peer reviews. (a) Each firm not qualifying for an off-site peer review under K.A.R. 74-11-12 shall submit to an on-site peer review.

(b) Each on-site peer review shall examine the firm's system of quality control for its accounting and auditing practice to ensure that the firm is in compliance with established quality control policies and procedures to the extent necessary to reasonably ensure conformity with the professional standards that are applicable to that firm's area of practice, including generally accepted accounting principles, generally accepted auditing standards, and statements on standards for accounting and review services.

(c) Each on-site peer review shall include the following components:

(1) There shall be a study and evaluation of the quality control policies and procedures in effect for the firm during a period of one year, which shall not have ended before the end of the previous calendar year.

(2) There shall be an examination of the elements of quality control, as defined in statements of quality control standards published in the professional standards, to the extent that they are applicable to the firm's practice.

Compliance tests related to quality control standards shall be performed by the reviewing team in a manner that is practical and applicable to the individual firm, taking into account factors including the nature of the firm's practice and size of the firm.

(3) (A) There shall be a review of specific selected financial reporting engagements with periods ending during the review year. The selected engagements shall constitute a reasonable cross-section of the firm's accounting and audit practice sufficient to provide a basis for reasonable conclusions as to the quality of the firm's services. At least one audit conducted pursuant to government auditing standards issued by the U.S. general accounting office shall be selected, as applicable. Greater weight shall be given to audit engagements that meet the following criteria:

(i) If there is a significant public interest in the client, including publicly held clients, financial and lending institutions, and brokers and dealers in securities;

(ii) if the client is in another specialized industry; or

(iii) if there are any audits that are large, complex, or high-risk, or are initial audits of the reviewed firm.

(B) A reviewed firm may provide to the review team legitimate reasons for not permitting the working papers for certain engagements to be reviewed. If the financial statements of an engagement selected for review are the subject of litigation or investigation by a government authority, or if the firm has been advised by a client that it will not permit the working papers for its engagement to be reviewed, the review team shall satisfy itself as to the reasonableness of the explanation. In order to reach a conclusion that the excluded engagements do not have to be reported as a scope limitation, the review team shall consider the number, size, and relative complexity of the excluded engagements and shall review other engagements in a similar area of practice, if possible, as well as other work of the supervisory personnel who participated in the excluded engagements.

(4) There shall be a review of financial statements, accountants' reports, working paper files and correspondence, as well as discussions with professional personnel involved in rendering the firm's service.

(A) Each team member shall document whether anything came to that team member's attention that caused the team member to believe that any of the following conditions exist:

(i) The financial statements were not presented in all material respects in accordance with generally accepted accounting principles or other comprehensive basis of accounting, unless proper disclosure exists.

(ii) The firm did not have a reasonable basis under applicable professional standards for the report issued.

(iii) The documentation on the engagement did not support the report issued.

(iv) The engagement was not carried out in accordance with generally accepted auditing standards or other similarly recognized authoritative technical standards.

(v) The firm did not comply with its quality control policies and procedures in all material respects.

(B) If during a peer review a team captain or team member discovers a failure as described in paragraph (A), the firm shall be promptly informed by the team captain. The firm shall immediately investigate and take whatever action is necessary to address the matter while keeping the team captain informed as to the investigation and actions taken.

(5) There shall be an interview of the responsible personnel engaged in performing the firm's professional function.

(6) There shall be a review of other evidentiary material, including personnel files, administrative files, correspondence files relating to technical or ethical questions, and the firm's library.

(7) There shall be an exit conference conducted by the team captain to discuss with the firm the review team's findings and recommendations.

(8) A written report of the review shall be provided to the firm and the report acceptance committee within 30 days of the exit conference along with, when applicable, a letter of comments.

(9) If applicable, a written response by the firm to the letter of comments outlining the actions to be taken with respect to the recommendations made by the peer review team shall be sent to the report acceptance committee within 30 days of receipt of the report from the team captain.

(d) The firm shall respond promptly to questions raised in the review and shall take appropriate remedial and corrective actions as necessary with respect to any noted deficiencies. (Authorized by and implementing K.S.A. 1997 Supp. 1-501; effective Feb. 14, 1994; amended Sept. 25, 1998.)

74-11-12. Off-site peer reviews. (a) An off-site peer review shall be available for each firm that performs review, compilation, or attestation engagements, but that performs no audits of historical financial statements, agreed-upon procedures engagements that are subject to the statements on auditing standards contained in the professional standards, or audits of prospective financial information.

(b) Each off-site peer review shall be conducted to provide a reasonable basis for expressing limited assurance that the financial statements and related accountant's report on the review and compilation engagements submitted for review do not depart in a material respect from the requirements of recognized professional standards.

(c) Each firm shall provide summarized information as requested by the team captain to facilitate selection of the types of engagements to be submitted for review in accordance with the following principles:

(1) At least one engagement for each level of service shall be reviewed.

(2) Clients operating in different industries shall be included in the review.

(3) Engagements involving attestation engagements and prospective financial information as well as those involving historical financial statements shall be considered for inclusion in the review.

(4) The number of engagements selected shall adhere to the guidelines outlined in the applicable peer review standards contained in the professional standards.

(d) Each firm shall submit to the team captain the appropriate financial statements and reports, along with specified background information and representation concerning each engagement.

(e) (1) An off-site peer review shall not include a review of the working papers prepared on the engagements, tests of the firm's administrative or personnel files, interviews of selected firm personnel, or other procedures performed in an on-site peer review.

(2) An off-site peer review shall consist only of reading the historical or prospective financial statements submitted by the firm and the accountant's review or compilation report, together with certain background information and representations provided by the firm.

(3) Each financial statement submitted shall be reviewed to determine whether or not it appears to conform to generally accepted accounting principles or, if applicable, another comprehensive basis of accounting, and to determine whether or not the report conforms with professional standards.

(f) Within 30 days of the completion of the peer review, the firm and the report acceptance committee shall be furnished a written report of the findings and recommendations of the review team.

(g) An off-site peer review shall not provide a basis for expressing an opinion as to the firm's quality control policies and procedures. However, the review team shall include in a letter of comments any significant failure to conform with the requirements of professional standards.

(h) Within 30 days after a firm receives a report, that firm shall furnish to the report acceptance committee a copy of the report; a letter of comments, if applicable; and a written response to the letter of comments. (Authorized by and implementing K.S.A. 1997 Supp. 1-501; effective Feb. 14, 1994; amended Sept. 25, 1998.)

74-11-13. Letter of completion of peer review. (a) The report acceptance committee shall provide each firm reviewed with a letter certifying completion of a peer review.

(b) Failure to comply with requests of the report acceptance committee shall be grounds for disciplinary action by the board. (Authorized by and implementing K.S.A. 1997 Supp. 1-501 and 1-311; effective Feb. 14, 1994; amended Sept. 25, 1998.)

74-11-14. Waiver of peer review requirements. (a) At the time of permit renewal, a firm may request in writing, upon a form provided by the board, a waiver from the peer review requirement for one of the reasons outlined in K.S.A. 1-501 and amendments thereto.

(b) If the conditions that precipitated the waiver change, the firm shall be required to notify the board, in writing, within 30 days of the date of such change.

(c) Failure of the firm to comply with the terms, conditions, or limitations of a waiver granted by the board shall be grounds for disciplinary action by the board. (Authorized by K.S.A. 1997 Supp. 1-202 and 1-501 and implementing K.S.A. 1997 Supp. 1-501; effective Feb. 14, 1994; amended Sept. 25, 1998.)
